

f i t healthcare

“

I can't thank you enough for all you have done. Of anyone that I have met within this Epic experience you have been the one that has left the most positive impression with me.

Keep doing all the good things that make you... you.

”

"I want to extend a sincere thank you for all you've done for us. You've been a great help even before I joined IT. You've been professional and wonderful to work with."

"When asked about FIT, I say they are lean and agile. They tailor and present solutions to our problems. We talk about what problems we are facing and we get the support we need to solve our problems today. They have a village of multi-faceted experts, and they are part of our team."

"FIT Healthcare is the company we have leveraged to help make us smarter about all things Epic. I believe Al and his team could greatly benefit your team in helping elevate and disseminate Epic knowledge in some critical areas. They would also serve as an incredible third-party thought leader when it comes to certain clients who either are reluctant to bring their own Epic experts to the table and/or lack in this specific cross-sectional area of knowledge."

"I appreciate everything you've done for us. There is incredible value in what you bring to the table. I'm not unhappy with the services from [others] but we are phasing them out. They're going to lose the contracts. The people that we get from FIT are really part of our team. It's just not something we get from [others]."

"We would not have been able to achieve what we have done in such a short amount of time without you."

"You are awesome - one of the best PMs I've worked with. I love your spirit and integrity."

"It was always a pleasure working you. Thanks for sharing your great PM skills with our organization."

"It has been wonderful working with you. I have learned so much from you. Thank you for that!"

"I appreciate your hard work, communication, and professionalism!"
